

**SAME ORANGE COUNTY POST**  
**Annual Federal Business Opportunities Symposium**  
**November 16, 2011 | OC Hyatt Regency**

**Doing More With Less - New Opportunities in a Changing Marketplace**

Asset Management | Base Closure | Resource Conservation (energy, water, waste, eco-restoration)

As the Country and the Federal Government shift priorities with the wind-down of the two wars and the drive to reduce deficit spending, there is a new reality and challenge for the Architect / Engineer / Construction community - how to do more with less. The focus areas relate to some of the upcoming challenges for the Federal Government and are areas where there may be new opportunities for innovative services. We will target speakers from the Air Force (asset management), Navy (BRAC office), VA and Army Corps to brief us on their upcoming needs and opportunities.

Another focus area for the Forum is something that relates to SAME's mission - Caring for our Vets and Community Support. Let's be the organization that reminds everyone not to forget our Veterans and their families in their service to our country. The Forum also recognizes one of the leaders of the Orange County Post, Dr. Peter Supko, who succumbed to cancer in 2009.
